Nautilus XS User Manual
Innovate the way
you vape

SAFETY INFORMATION

For a safe and effective use of this product and its accessories, we advise you to read the following instructions in full, and to strictly observe the operating procedures indicated in this manual and refer to the leaflet contained in the packaging of the individual products / accessories.

This product is intended for adult smokers. This product is not recommended for non-smokers, young people under the legal age, pregnant or breast feeding women and those experiencing general ill health.

Keep the product out of reach of Children and minors at all times

WARNINGS FOR TRANSPORT

Do not keep your device in your pocket while switched on to avoid inadvertently activating the vaporization device, causing irreparable damage.

COMPONENTS OF THE PRODUCT

This product is a high-tech product and its components such as the battery, the micro USB cable, and the tank part have been specifically made for this product. We recommend the exclusive use of components and accessories indicated. Use of components and / or accessories not specifically produced for this device may lead to a malfunction and / or damage to the product and to the cancellation of the guarantee.

WARNINGS BEFORE USE

Products with an internal battery leave the factory

already fully charged. Do not recharge it until the remaining charge indicator gives the low battery signal. (See Instructions). The use of an empty, dry or drained tank/pod can cause immediate damage to the internal resistance and the consequent cancellation of the guarantee.

WARNINGS WHILE DRIVING

While driving, be sure to strictly observe the laws and regulations of the country where you are located; stay focused on driving and pay attention to traffic conditions. Do not use this product while driving a vehicle and keep it separate from other objects in order to avoid damage from bumps.

GENERAL WARNINGS AND LIMITATIONS OF USE

Do not bring your vape device into contact with water or other e-liquid. Avoid exposing the device to too low or too high temperatures (-5 °C / 50 °C). Avoid using the product in overheated or excessively damp environments. Keep the product and its accessories away from heat sources. Use only Aspire original spare parts and accessories. Always discharge the battery completely before recharging. Carefully read the composition of the e-liquid before use, and do not use the product if you are allergic to any of the components of the e-liquid. Do not use the product if you suffer from respiratory and / or cardiovascular system disorders. Do not use the product during pregnancy or lactation. Do not ingest or swallow any part of the product or its accessories and do not try to open or tamper with the components of the product or its accessories. The device does not need any flame to light it. To avoid performance losses, disconnect the battery

from the USB charger when fully recharged, and in the case of anomalies, smell of burnt or abnormal deformation of one of the components of the device or its accessories, stop using it immediately and contact Customer Care.

Avoid direct contact of the e-liquid with the mouth which could happen if you inhale too strong and too frequently or if the tank is too full.

Avoid any unauthorized operations that may damage the product. For an optimal performance of your vape device, it would be advisable to spend at least 30 seconds between one inhalation and the next. We recommend only to use the Aspire wall charger supplied to charge this device and not attempt to recharge the device with any other type of charger. We don't recommend using the product while charging.

Keep the product and its accessories out of reach of children, and dispose of the product components at dedicated collection/disposal points. Do not discard this product in the environment.

This product is a high-tech product. We recommend the exclusive use of components and accessories indicated. We do not recommend using this product with other brands of mods.

Contents:

- 1* Nautilus XS Tank (2.0 ml)
