

Aspire User Manual

Thanks for your support on Aspire BDC(Bottom Dual Coil) Clearomizer.

Before you start using the atomizer, please read this user manual carefully to help ensure that you use it rightly.

The manual should be kept in a safe place for future reference.

Fill atomizer:

1. Unscrew the bottom

2. Fill the E-liquid

**Don't fill the E-liquid
into the center.**

**The Liquid height can
not over the pole**

3. Screw the bottom

4. Put the clearomizer upright for one minute.

Assembly:

1. Check the right thread you need

2. Screw onto the battery

Replace the Coil Head:

1. Unscrew the bottom

2. Screw off the used coil head

3. Replace the new coil head

Cleaning:

When necessary, use a tissue paper to clean the atomizer shell and use water to clean inside.
