contact Customer Care.

Avoid direct contact of the e-liquid with the mouth which could happen if you inhale too strong and too frequently or if the tank is too full.

Avoid any unauthorized operations that may damage the product. For an optimal performance and taste we recommend to let the e-liquid be spend at least 30 seconds between one inhalation and the next. We recommend only to use the charger which is delivered with the device since and not attempt to recharge the device with any other type of charger. We don't recommend using the product while charging.

Do not discard this product in the environment, but dispose of it according to product-programme dedicated collection/disposal points.

CONTENTS:
1* Battery Unit (350 mAh)
1* Pod (2.0 ml)
1* Micro USB-Cable
1* User Manual

COMPONENT VIEWS:

SPECIFICATIONS:
Pod capacity: 2 ml
Battery unit capacity: 350 mAh
Dimensions: 85.3*28.1*18.6 mm
Automatic draw
Coil: 1.2Ω Mesh coil (Kanthal AF)
Coil nonreplaceable
Easy button fill
Bypass output mode

INSTRUCTIONS:

Status of indicator light	Device
On activity	On state
Flash within 10 times	Low battery (<3.3V)

PROTECTIVE FEATURES:

Vaping Over-Time Protection (8 sec)	Pre-LED light will flash within 10 times
Short Circuit Protection	Pre-LED light will be shut down for 10 sec
Low Voltage Protection	Pre-LED light will flash within 10 times
Overcharge Protection	The device will stop charging
Over Heat Protection	The device will cut off

CHARGING INSTRUCTIONS:

Maximum Charge current	1A
Recommended charge voltage	5V
LED Light flash while 20 times	Fully charged

IMPORTANT INFORMATION ABOUT USING NICOTINE CONTAINING E-LIQUIDS
Please read the following information and the user should read the following information carefully.

NICOTINE CONTAINING E-LIQUID:
Do not use if you are allergic to nicotine or any of the other ingredients contained within the e-liquid (see manufacturer's label for full details).

WARNINGS AND PRECAUTIONS:
Nicotine containing e-liquid are not recommended for:
